

4TH WORLD CONGRESS ON EARTH SCIENCE & CLIMATE CHANGE

APRIL 25-26, 2022

SCIENTIFIC PROGRAM 2022

**THEME: ADVANCING THE SCIENCE OF CLIMATE CHANGE TO
RESTORE OUR EARTH**

 +91 7735912022  +1-4707660424  contact@conferencemind.com

<https://www.conferencemind.com/conference/earthscienceandclimatechange>

DAY - 1

KEYNOTE SESSION- I

13:00 PM - 13:35 PM

Title: Stereolithographic Additive Manufacturing of Energy Control Devise for Environmental Monitoring

Soshu Kiriwara, Osaka University, Japan

13:35 PM - 14:10 PM

Title: Case study of Rangvamu landslide, Aizawl, Mizoram, India

Rahul Verma, Botswana International University of Science and Technology, Botswana

14:10 PM-14:45 PM

Title : Effect of climate change on soil microbiome and resistome

Lyudmyla Symochko, Uzhhorod National University, Ukraine

14:45 PM-15:20 PM

Title: Earth Science City and Knowledge Mapping as a tool to revolutionise Earth Science based models

K. Siddhartha, Earth Science City, India

REFRESHMENT BREAK 15:20 PM - 15:40 PM

ORAL SESSION- I

15:40 PM - 16:10 PM

Title: Study of the chemical properties of Peatland on various Landuses in Riau Province

Eddiwan Kamaruddin, Riau University, Indonesia

16:10 PM - 16:40 PM

Title : Impact of climate change on wheat production in Ranchi region under projected climate scenario

Rajnish Prasad Rajesh, Gramin Krishi Mausam Sewa GVT-Krishi Vigyan Kendra, India

16:40 PM - 17:10 PM

Title: Communicating on Environmental Crisis and Natural Resources: Critical Views about Development and Planetary future

Priti Sriranjana, SCS College, India

E-POSTER SESSION

17:10 PM - 17:40 PM

Title: Advanced Optical and Chemical Characterizations of Sri Lankan Roof Tile Clays for more over Industrial Uses

Suresh Aluvihara, University of Peradeniya, Sri Lanka

17:40 PM - 18:10 PM

Title: Remote sensing applications as a strategy for locust management

Jeevitha P, Assam Agricultural University, India

KEYNOTE SESSION- II

18:10 PM - 18:45 PM

Title: Explaining the uneven earth growth with time (spinning in the ether creates matter)

Maria Kuman, Holistic Research Institute, Knoxville USA

DAY - 2

ORAL SESSION- I

12:00 PM - 12:30 PM

Title: Regenerative development as adaptive solution to the 'succession' of environmental problems

Sivakumaran Sivaramanan, Central Environmental Authority,
Sri Lanka

12:30 PM - 13:00 PM

Title: Rainfall climatology of bokaro district in jharkhand for crop planning

Yellagandula Mani, Birsa Agricultural University, India

E-POSTER SESSION

13:00 PM -13:30 PM

Title: Impact of climate change on Soil Health

Gundlapalli Swathi, Ph. D Scholar, Assam Agricultural
University, India

13:30 PM -14:00 PM

Title: Managing Water, Soil, and Waste in context of Global Climate Change.

Surya Teja Varanasi, P G Scholar, Assam Agricultural
University, India

14:00 PM-14:30 PM

Title: Rainfall variation in Nilgiris district

E. Hemavathy, Research Scholar Bharathi Women's College
(A), Chennai India

REFRESHMENT BREAK: 14:30 PM - 14:45 PM

KEYNOTE SESSION I

14:45 PM-15:20 PM

Title: Vision for Our Environment

Wafik Noseir, World Congress for Environment, Egypt

15:20 PM - 15:55 PM

Title Updated Soon

Khalid Elyas Mohamed Elameen , King Saud University
Saudi Arabia

SESSION ADJOURNMENT
